STATE OF WISCONSIN
BEFORE THE MEDICAL EXAMINING BOARD

IN THE MATTER OF
THE APPLICATION FOR REINSTATEMENT OF

ALAN E. REED, M.D.,

Applicant

ORDER GRANTING PETITION IN PART

On February 6, 1990, the Medical Examining Board issued its Order in the above-captioned matter. By the terms of the board's order, Dr. Reed's license to practice medicine and surgery in Wisconsin was reinstated with limitations. Among these were that Dr. Reed's entire practice be under the supervision of Basil Jackson, M.D., Ph.D.; that Dr. Reed enroll in the impaired professional program at either Elmbrook Memorial Hospital or at Mt. Sinai Medical Center; and that Dr. Reed participate in psychotherapy if recommended by his addictionologist. The term of the license was for one year.

Dr. Reed appeared before the board at its meeting of January 23, 1991, in support of his application for renewal of his license, and to request that the limitations on his license be dropped. The board on that date renewed the license for two years but denied the petition to terminate the limitations on the license.

Dr. Reed, with his attorney, Bruce F. Ehlke, appeared before the board on February 19, 1992, pursuant to the board's February 12, 1991, Order, and was ordered to appear again at the board's August, 1992, meeting.

By letter dated April 10, 1992, Dr. Reed, by Attorney Ehlke, petitioned the board to expand the scope of the limited license to permit him to practice at the Jackson Psychiatric Center's new satellite office in Burlington, Wisconsin.

Dr. Reed and Mr. Ehlke appeared at the board's meeting of April 29, 1992, in support of the petition. At that time, an oral request was made that Dr. Reed also be permitted to practice at DePaul Psychiatric Hospital, Wisconsin. Dr. Reed also discussed the possibility that he be permitted to practice at the automobile races at Elkhart Lake, Wisconsin; that he be permitted to act as a liaison psychiatrist to various law

enforcement agencies; and that he be permitted to engage Jose Palisoc, M.D., as his primary physician.

Based upon applicant's petition, and upon all other information of record herein, the board orders as follows:

ORDER

NOW, THEREFORE, IT IS ORDERED that the limited license of Alan E. Reed to practice medicine and surgery in Wisconsin is hereby renewed for a period of one year. Dr. Reed shall make a personal appearance before the board at the time of expiration of the license in support of any petition for renewal of the license.

IT IS FURTHER ORDERED that Dr. Reed shall be permitted to practice at the Jackson Psychiatric Center's satellite offices in Burlington, Wisconsin, and at DePaul Rehabilitation Hospital, Milwaukee, Wisconsin, only at such times as Basil Jackson, M.D. is present in those facilities.

IT IS FURTHER ORDERED that all other terms and conditions on the license established by the board's Order Granting the Limited License dated February 6, 1990, shall remain in full force and effect.

DISCUSSION

It appears to the board that Dr. Reed's numerous requests for expansion of his permitted areas of practice would, if granted, result in the loss of focus and control deemed required by the board when in 1990 it granted Dr. Reed limited practice privileges during the period of his continuing rehabilitation. It is for this reason that the board concludes that relaxation of the terms and conditions of the license beyond the conditional grant of Dr. Reed's request to practice at the Jackson Psychiatric Center's new satellite offices in Burlington, Wisconsin, and at DePaul Psychiatric Hospital, Milwaukee, Wisconsin, would be inappropriate.

Dated this 13 day of May, 1992.
